

APDW 2024 Hands-On Workshop

Simulation-Based Endoscopy Learning Workshop Based on Expert Performance Approach

Wednesday, 20 November 2024 | 0800 to 1600 | Bali Nusa Dua Convention Center (BNDCC)

Experience a unique learning approach in the first APDW hands-on workshop. Here, you'll not just update your endoscopy knowledge and techniques, but also practise them towards competency using the principles of the science of education and expertise.

This day-long immersive course offers learners the opportunity to master the steps experts use to distinguish themselves to have superior and consistent outcomes. Using cutting-edge evidence-based education techniques, we also aim to develop participants' beliefs that they can apply the skills.

Course Directors

Hasan Maulahela

Roy Soetikno

Thawee Ratanachu-Ek

Choose 1 Track For Full-day Workshop or 2 Tracks For Half-day Workshop

1 Track 1 (Full-day Workshop)

Upper GI endoscopy focusing on hemostasis and variceal band ligation

Scope of the track:

- Handling and managing GI bleeding (variceal and non-variceal)
- Hemoclip, electric cautery, variceal band ligation, cap, guillotine, argon plasma coagulation

2 Track 2 (Full-day Workshop)

Lower GI endoscopy/colonoscopy, focusing on resections techniques

Scope of the track:

- Handling, management of loop, cold snare polypectomy, hot snare polypectomy, EMR and clipping, tattooing

3 Track 3 (Full-day Workshop)

Nutritional access, focusing on PEG, NGT, NJFT

Scope of the track:

- Pull and push PEG
- Endoscopic guided for NGT and NJFT placement

4 Track 4 (Full-day Workshop)

Bariatric endoscopy

Scope of the track:

- Intra-gastric balloon placement
- Endoscopic sleeve gastropasty

ERCP and EUS track is a half-day workshop

*Track 8 can only be combined with Track 6.

5 Track 5 (Half-day Workshop)

Basic ERCP

Scope of the track: Effective cannulation to metal stenting

7 Track 7 (Half-day Workshop)

Basic EUS

Scope of the track: Anatomy overview, FNA, and pseudocyst drainage

6 Track 6 (Half-day Workshop)

Advanced ERCP

Scope of the track: Cholangioscopy

8 Track 8 (Half-day Workshop)*

Advanced EUS

Scope of the track: CDS, HGS, and gastroenterostomy

*Only open to Main Congress registrants on first-come first-served basis.
